## I. I. V.'S THREATEN TO MARCH AT NIGHT

### HIGH "ARISTOCRATIC" PART OF THE CITY

UNRESTRICTED  
IMMIGRATION  
RESPONSIBLE

Presser  
play  
dis  
15 Nov 13  
MISREPRESENTATIONS  
ARE CAUSING HARDSHIP  
Industrial Commissioner Hall  
and Dr. T. Albert Moore  
Are Outspoken.

Striking condemnation of the policy of admitting all classes and standards of immigration, indiscriminately, was heard from speakers at the meeting of the Edmonton Welfare association last night. A special committee, having inquired fully into the conditions attendant upon the present situation as regards unemployment in the city, reported that in their opinion the present unrestricted immigration policy was one of the chiefest sources of the large amount of unemployment existing at present. The committee pointed out that the situation was being constantly aggravated by the arrival of fresh batches of unskilled laborers, many of whom could not speak the language of the country and who had been induced to come here by overstatement and mis-statements made to them in their own land. They declared that it was incumbent upon the Dominion government to fix the responsibility for these immigrants being misled and called upon the government to restrict immigration by holding back or discouraging all immigrants belonging to the unskilled laboring class, except bona fide agricultural laborers. Other remedies which should be sought, the committee suggested, were free employment bureaus and the utilization of surplus labor now in the country on the construction of public works.

Adoption of the report was moved by A. Farnillo, secretary of the Trades and Labor Council and seconded by Mr. Croft and carried. A. T. Cushing, chairman of the meeting, Mr. Farnillo and Dr. J. H. Riddell were appointed a committee to present the resolution to the city council. It was agreed to communicate with other welfare groups with the object of getting them to pass similar resolutions for presentation to city councils and other governing bodies.

Some Departments Lay "I think it requires no more than casual observation," declared Industrial Commissioner Hall, "to determine that there are many people coming in here from foreign countries who are brought in, perhaps not for the express purpose of getting a fee from such of them, but without due regard to the conditions which exist here. The department over which I have been has never, during the nearly five years that I have been in charge, invited laborers to come to this country. We have been very careful in inviting even skilled workmen, and yet we have without having first inquired into the conditions which exist here, but the departments and the people are careful. This is simply demonstrated by the class of people coming to this country. There is no one coming here for those who are here and to have thousands coming in day by day with no means of support, and more than that they carry on their backs and their power to do laboring work and have to be dependent upon the people of this country to support them. It is very bad indeed. I believe this is the main cause of the flood in the labor market."

Should Fix Responsibility "If you look at the men who form the ranks of the unemployed you will find that they are chiefly men who do not speak English. These men have been brought here by overstated statements made to them by some persons on the other side. I don't pretend to say that responsibility should be fixed and that this matter of restricted immigration should receive first consideration. I believe that this is the root of the evil that we are content with now. I say amen to all that has been said," declared Dr. T. Albert Moore, one of the two secretaries of the Social Service Council of Canada, who happened to be a visitor at the meeting. He said the Social Service Council of Canada had been thinking along the same lines and had appeared before the minister of labor to urge the need for wisely restricting immigration and establishing free employment bureaus.

APPROVE ROUTE OF GREAT WATERWAYS  
The route of the Alberta and Great Waterways railway as far as it goes beyond the department of railways.  
The first steel will probably be laid on the line next month.

## FARM SCHOOLS MEET ENDORSATION OF ALL SECTIONS OF ALBERTA

SIR WILFRID LAURIER IS GOING TO BE GIVEN DINNER AS A TRIBUTE

OTAWA, Ont., May 13.—At a gathering of liberal members of the two houses held this morning at which Sir Wilfrid Laurier was not present, it was decided to tender the anniversary of his death dinner before the close of the session in celebration of the fourth anniversary of his death into public life. Sir Wilfrid first entered parliament in 1874, therefore was made to the fact that just half a century has elapsed since the opposition leader made his first public speech. It also happens that this is Lady Laurier's birthday, the event being recognized by the sending of a handsome bouquet to her.

## WELFARE LEAGUE BEGINS SOCIAL SURVEY OF CITY

Will Comprise Industrial Conditions, Sanitation, Morals and Relief.

DIRECTED BY DR. W. A. RIDDELL, SOCIAL EXPERT

Work Divided Between Five Groups: Prominent Men Assist.  
Edmonton socialists are to be further inquired into systematically by committees of experienced men who will be directed by Dr. W. A. Riddell, social survey expert, who has conducted similar surveys in other large cities. The social survey is being undertaken by the Edmonton Welfare League and will be published in full in the form of a report when completed.

The following plan of the survey now to be undertaken was adopted at the meeting of the Edmonton Welfare association on Tuesday night:

- (a) Industrial Conditions (Division 1) Labor—(a) Wages of men and women in industry.
- (b) Hours of labor.
- (c) Organization of labor and capital.
- (d) Unemployment (Methods of dealing with).
- Child labor—(a) Carelessness of inspection.
- (b) Neglect, phylaxis.
- (c) Child workers.
- Cost of living—(a) Workmen's homes, rents, purchase price.
- (b) Foodstuffs, clothing.
- (c) Sanitation and Health (Division 2) (a) Morality and mortality from commercial diseases.
- (b) Water supply and sewage disposal.
- (c) Taxes and alleys.
- (d) Housing, lodging houses, English and foreign.
- (e) Restaurants, bakeries, butcher shops.
- (f) Milk supply.
- (g) Liquor Problem (Division 3) (a) Drink account; bar and shop receipts; time and fines; wage disbursements.
- (b) Law enforcement, character of hotels, minors.
- (c) Treatment of drunks.
- (d) Social Vice (Division 4) (a) Street soliciting.
- (b) Houses of assignation.
- (c) Houses of prostitution.
- (d) Relief Agencies (Division 5) (a) Hospitals, convalescent homes, visiting nurses.
- (b) Rescue and orphan homes.
- (c) Charity organizations.

## ACCUSED POLICE EX-LIEUT. AND HIS WIFE.

Charles Becker, photographed while talking to his wife over the phone, before appearing in court for his second trial.

## BECKER SAYS THAT ROSE'S STORY WILL GIVE HIM FREEDOM

Maintains That It Will Prove What He Has Contended Right Along, That Rosenthal Was Murdered by Gamblers Who Hated Him Because He Betrayed Them to the Police.

New York, May 13.—Charles Becker declared before leaving his cell in the Tombs today, to face the jury that he hearing evidence in the trial to prove he directed the killing of Rosenthal, that the testimony given on the witness stand will make him a free man.

"If defense can show that Rosenthal really was a 'stool pigeon,' lawyers pointed out today, it would go far toward establishing the old theory that Rosenthal was killed by other gamblers who hated him because he was a squire."

## TO GIVE MODERN TRANSPORTATION TO PEACE RIVER

Rail to Sawridge or Athabasca. Boats to Grouard, Thence First-class Road.

Edmonton Industrial Association Not Selfish or Even Sectional in Scope.

An outstanding instance of how the provincial government acts quickly for the benefit of Alberta and of the unemployed and country-wide activities of the Edmonton Industrial association is furnished by the manner in which these two have just handled the matter of improved road from Grouard to Peace River Crossing.

## POLICE ARE TOLD ABOUT THE PLANS AND MAKE READY

Unemployed Will Parade This Afternoon, and Call on the Mayor Again to Present Their Demands That They be Provided For—If They Do Not Get Satisfaction, They Say, They Will Bring All Those Out of Work to Edmonton, "And Then There Will be a Million to Take Care of."

As a result of information received by the police this morning, arrangements are being made to cope with any possible trouble that may arise this evening from the demonstration that is planned for the time by the unemployed league.

According to the report received by the police, it is the intention of the I. W. U. to hold a parade this afternoon, and a committee will ask the mayor to provide work for all members of the league.

Falling to get satisfaction it is understood that the league will issue a call to all the unemployed in the province to come to Edmonton, and as one speaker said this morning, "and then there will be one million here to be provided for by the city instead of a few hundred."

One of the leaders of the unemployed league said this morning that should the committee fail in their quest this afternoon, a parade will be held at night through the "aristocratic" section in the west end, and this was followed by the veiled threat, "If we should stumble over any of their property in the dark, it will, of course, be by accident and the police of this city will not be equal to the occasion."

Things have been busy at the I.W.U. hall today. Most of the men here are in an ugly frame of mind. Speeches are continually being made which further help to fan the flame of discontent. Remarks such as "We are prepared for war, whether it is economic war or physical war," are frequently being heard.

Commissioner Booth has asked the police to keep a strict watch on the doings of the unemployed league, and to take all necessary steps to preserve order.

## REBELS EXPECTED TO TAKE TAMPIO TODAY; MANY SLAIN

Washington, D.C., May 13.—Heavy firing at Tampico was resumed last night and the constitutionalists say that they expect to capture Tampico today, according to a dispatch received at the navy department from Admiral Mayo. He reported that the general impression seems to be that the expectation of the constitutionalists will be realized.

It was reported in a dispatch from Admiral Badger transmitting advice received by him from Admiral Mayo that the rebels had taken Tampico this morning. The admiral says that the heavy firing around Tampico stopped about 2 o'clock Tuesday afternoon.

He reports further that the constitutionalists so far as can be ascertained are only firing guns and snipers fired at long intervals. Apparently reliable information from the scene of fighting is the effect that the constitutionalists at one time advanced their lines and temporarily occupied some of the rebel positions.

Admiral Mayo says it was reported that the casualties on both sides have been very heavy.

## LADIES PURSUE WITH ENTHUSIASM CITY BEAUTIFUL

Efforts to Improve Appearance of City Continued With Good Effect.

2,500 PACKETS SEED HAVE BEEN DISTRIBUTED

Last Lecture for Thursday Night in Separate School Hall.

Having taught the young idea of the city something about city beautification which will bear fruit in future years, the ladies' auxiliary of the Industrial association want the group-ups to come and be educated along the lines of the city beautiful. To this end they are earnestly requested to attend a lecture which will be given on Thursday evening in the Separate School hall, Third street. The lecture is in A. W. Foley, B.S.A., of the department of agriculture, and will be illustrated by a large number of very beautiful stereoscopic views of Dayton, Ohio, showing how a city can be made beautiful by care and attention of the inhabitants when directed along proper lines.

A beautiful Edmonton is the motto of the ladies' auxiliary of the Industrial association, who are responsible for the city beautiful movement here. Good seed, both metaphorically and literally speaking, is being sown in the community. Two thousand five hundred packets of seed kindly loaned by the city, are being distributed. A beautiful crop of flowers which will make a vast improvement in the appearance of the city gardens during the coming summer is looked for. Seven lectures have been given in various parts of the city and Thursday night's lecture will be the last of the series.

Enjoyable Program Mayor McNamara has promised to preside and make members of the Industrial association are expected to be present in force. The ladies have arranged what promises to be an enjoyable evening. Take part, says J. M. Rose, will contribute a violin solo and a trio which is to be given at the forthcoming musical festival will be rendered.

THE CAPITAL'S TYPESETTING DEPARTMENT GIVES YOU CHOICE OF 13 FACES. ASK FOR SAMPLES.

# HUERTA PLANNING TO MAKE FIGHTING STAND A CRISIS

Washington, D.C., May 13.—That General Huerta, preparing for a crisis in his dictatorship, has long been planning to involve Mexico with his troops and make a last stand at Puebla, midway between Mexico City and Vera Cruz, was understood today to have been told President Wilson last night by Nelson O'Shaughnessy, former charge of the American embassy in the Mexican capital.

Secretary Garrison has directed General Huerta to Vera Cruz to ask General Huerta, the Mexican federal commander, what has become of Samuel Parks, the United States private who, while attempting to pass through the Mexican lines and has not been heard from since. A life insurance policy has been transferred to Secretary Bryan to General Huerta, through the Brazilian minister in Mexico City. It has been reported that Parks met death in the Mexican lines.

The state department today received further reports from Vera Cruz, which state that the Mexican authorities refuse to deliver mail from Mexico City and that now 250 sacks are lying scattered along the tracks from Vera Cruz to San Antonio.

The president, it is said, was informed that Huerta had ordered the arrest of his last representative in Mexico City, and that his departure from the city was being hastened. Huerta, it is said, desires to acquire as much glory as possible before the inevitable liquidation.

Mr. O'Shaughnessy is said further to have told the president that the number of troops which Huerta has at his command is greatly exaggerated, and that as a matter of fact they number only 4,000 to 5,000 men.

That neither Zapata or Villa would have any great difficulty in taking the city is understood. But the view of Mr. O'Shaughnessy expressed, the information is along the line of other reports reaching the government within the last few weeks. Further information from these sources is that Huerta has been shipping gold abroad in consideration of his ultimate exile.

Washington, D.C., May 13.—Secretary Daniels today reiterated his determination not to utilize the naval forces at Tampico as a police guard to permit the resumption of operations in the oil district.

"We are not taking anyone back to Tampico," said Secretary Daniels. "We brought away all except those."

## KILLS WIFE WITH RAZOR AND THEN ENDS OWN LIFE

Victoria, May 13.—One of the most gruesome murders ever committed in Victoria occurred yesterday when Archie Young murdered his wife in her bed by slitting her throat from ear to ear, and then committed suicide with the same weapon.

Jealousy is believed to have been the cause of the crime. Both the victim and the murderer were young people. The double tragedy occurred at noon when the streets were thronged with people. Suddenly cries rang out from the block and out of the door rushed Mrs. Young, clad only in a night dress, and with her hair almost severed from her body. Reaching the sidewalk she threw up her arms and fell with a thud to the ground. Mrs. Young died in the ambulance before the hospital was reached.

The couple, upon reaching the couple's room were confronted with another horrible sight. Young was lying on his back on the bed, his head which was filled with blood. He had cut his own throat in five places. Young was a native of Scotland, while his wife came from England. Last fall they separated and he eventually located her in the underworld of Vancouver. He stated that he was a lawyer, and in the melee he was shot in the leg.

## PRINCE OF WALES AND WAGON DRIVER ENGAGE FISTICUFFS

London, May 13.—The Prince of Wales has just had his first encounter in a boxing ring, on the shape of a brief bout at fisticuffs, with the driver of a laundry wagon at 'Em.

The man was delivering baskets at Kelle cottage, when three students drove the wagon away and left it in a side street, then they started developing.

The culprits were joined by the Prince when the driver's vehicle entered the group, selecting the prince for attack. He tapped the princely chest and brandished royal cane. The next instant the prince landed a blow on the driver's face that staggered the man. He then declared the fight ended with honor, and the prince smiled his opponent's feelings with a cigar and a gold coin.

## STANDARDIZATION INSURANCE COMPANY REGULATIONS SOUGHT

Calgary, May 13.—In an effort to bring about standardization of the insurance laws of the four prairie provinces, A. E. Ham, Arthur E. Fisher and Col. George Hamilton, superintendents of Manitoba, Saskatchewan and British Columbia respectively, and J. L. Nicholson, deputy superintendent of insurance for Alberta, are today. The conference will be attended by the representatives of western insurance companies.

## FREIGHT HANDLER'S ACTION AGAINST C.P. FOR DAMAGES FAILS

Mr. Justice Stuart in the Supreme Court on Tuesday dismissed the action of George Hamilton, freight handler, against the Canadian Pacific Railway for damages on account of injuries sustained by him while in the service of the C.P. It is as a freight handler at the local street freight sheds.

In the alternative plaintiff asked for compensation under the Workmen's Compensation Act. On this point His Lordship reserved judgment.

## Property Owners to Meet

A meeting of the Edmonton Property Owners' association will be held at 2:30 p.m. on Wednesday at the City Hall. All property owners welcome.

## CANADIAN CRITICISM OF TECK'S APPOINTMENT HAS SURPRISED LONDON

London, May 13.—Considerable interest and surprise has been aroused here by reports of Canadian criticism of the appointment of Prince Alexander of Teck, to succeed the Duke of Connaught as governor-general of Canada. The Times prints extracts from Canadian papers, particularly comment in the Ottawa Citizen, approving the speech of Hon. Mr. Emmerson, ex-railway minister, in protest against a tendency to establish anything resembling a "hereditary principle."

## IS POOR LEGAL PRACTICE, SAYS JUDGE CRAWFORD

His Honor Criticizes Common Method of Drawing up Transfers, Acquits Prisoner OF FALSE PRETENCES Declares Documents Inaccurate and Agent Made Many False Representations.

A question as to the common practice among men in this city in drawing up transfers of property in the district court on Tuesday afternoon during the hearing of a charge of false pretences preferred against a Gaelic man named Weyke Kopka, who had traded his farm 25 miles from Leduc, for five for farm property. The judge Crawford did not like the agreement for the transfer of the land, which, he said, did not represent a full consideration in the exchange and was full of inaccuracies.

E. B. Cogswell, who prosecuted on behalf of the crown, differed with his honor in regard to the transfer and declared that the statements contained in the documents which his honor had asked him to submit were practically correct.

## SIR WILFRID AND LADY LAURIE CELEBRATE 46TH MARRIAGE ANNIVERSARY

Ottawa, May 13.—Sir Wilfrid and Lady Laurie celebrate today the forty-sixth anniversary of their marriage. The Honorable of the parliament will present their felicitations to their chief and to his "chief adviser" in the form of forty-six of the most beautiful roses that the capital can provide. The married life of the liberal leader and his wife has been a happy one. Sir Wilfrid has since often borne eloquent testimony to the constant help she has ever been to him in every step of his honorable career up to the highest place in the land. Last night he and Lady Laurie were guests of honor at the opening of the Ottawa house show.

## COL. ROOSEVELT IS HOMESICK AND ALSO ANGRY AT EXPLORER

New York, May 13.—A special cable from Buenos Aires has told that Col. Roosevelt's health has improved greatly. He is due in New York May 19 and declares he is homesick.

"Will you be a candidate for the presidency in 1917?" the Colonel was asked.

"I cannot tell if I shall run until later developments" he answered, "but if I do run, it must be on a progressive platform which the republicans must accept."

Colonel Roosevelt is angry that Sir Clement Marshall, the British explorer, challenges his statement that he discovered and explored the hitherto unknown river Duvida in Brazil. He says he will prove his every statement about his Brazilian explorations when he decides to publish before the Royal Geographical society in London.

## REVOLVERS, STONES, AND BOTTLES MADE USE OF IN BATTLE

Police Repeatedly Club the Participants Who Retaliate—General Scrimmage Follows—Numbers on Both Sides Are Injured in the Disorder in the Leading City in Ireland.

Dublin, Ireland, May 13.—There was a fierce riot during a football game here yesterday which grew out of the political feeling of the players. It was only a few of work until a goal had been scored when the hooligans and their supporters rushed on the grounds but were unsuccessful in a general scrimmage followed. Revolvers, stones, and bottles were used as weapons by both factions. The police repeatedly clubbed both sides who retaliated as they always do in Dublin. Numbers on both sides were injured.

London, May 13.—Premier Asquith's promise of amending the home rule bill and John Redmond's refusal to approve such a course, leads several Unionist Newspapers to consider the prospects of a general election next year.

The Belfast News-Letter today says: "The only one in the city who is not going on steadily with our preparations to meet our resistance. We can not trust any water in the city and the hope of our resistance to obtain before the end of the session a real settlement or an agreement amending bill, if he had any ground for that hope he would have stated yesterday what the ground was."

Freeman's Journal, Dublin, (National) says: "It is impossible to see any good in an amending bill if the government is fixed with the notion beforehand that their efforts will be treated with contempt."

London, May 13.—The British explorer, Sir Clement Marshall, the British explorer, challenges his statement that he discovered and explored the hitherto unknown river Duvida in Brazil. He says he will prove his every statement about his Brazilian explorations when he decides to publish before the Royal Geographical society in London.

Freeman's Journal, Dublin, (National) says: "It is impossible to see any good in an amending bill if the government is fixed with the notion beforehand that their efforts will be treated with contempt."

## WOMEN'S SAILMENTS CAUSED BY NEGLECT

Proper Treatment Will Quickly Bring Back Robust Health and Good Spirits.

Women are on the whole more sickly than men. One reason is that their system is more complicated; another and more important reason is that they are more subject to neglect. At the beginning, constipation is the cause of nine-tenths of women's ailments. The blood becomes weakened and polluted—the nerves suffer and a run-down condition takes root. Because of their mildness of action as a system regulator, no medicine for women can compare with Dr. Hamilton's Pills. The kidneys quickly respond to the remedial action of Dr. Hamilton's Pills and the result is a new vigor and health. The blood and side, shortness of breath, and bad color disappear—the functions of the body then operate naturally, congestion and pain are prevented and perfect health results.

Thousands of happy women say Dr. Hamilton's Pills are the greatest and best blood-purifier, the finest complexion restorer, the most certain regulating medicine known. Sold by all druggists and storekeepers. 25c per box. Five for \$1.00. The Catarrhine Co., Buffalo, N.Y., and Kingston, Canada.

## SIR WILFRID AND LADY LAURIE CELEBRATE 46TH MARRIAGE ANNIVERSARY

Ottawa, May 13.—Sir Wilfrid and Lady Laurie celebrate today the forty-sixth anniversary of their marriage. The Honorable of the parliament will present their felicitations to their chief and to his "chief adviser" in the form of forty-six of the most beautiful roses that the capital can provide. The married life of the liberal leader and his wife has been a happy one. Sir Wilfrid has since often borne eloquent testimony to the constant help she has ever been to him in every step of his honorable career up to the highest place in the land. Last night he and Lady Laurie were guests of honor at the opening of the Ottawa house show.

Freeman's Journal, Dublin, (National) says: "It is impossible to see any good in an amending bill if the government is fixed with the notion beforehand that their efforts will be treated with contempt."

## PLAYING BANDITS, BOY LOSES LIFE IN COLLAPSE OF CAVE

Burlington, North Dakota, May 13.—Playing that they were members of a robber band and using a cave in a sand hill as their headquarters, a band of five boys, headed by Oscar Tiller, aged 15, and nearly killed two companions when the sand hill collapsed, burying them. The fourth boy of the party was just outside the cave when the roof fell in and he escaped the danger. The other two were extricated almost immediately, but young Tiller was deeper in the sand and required 40 minutes frantically digging to bring him out. He was dead when the body was recovered.

## PACIFICATION PLANS IN MEXICO ARE ANNOUNCED

Establish Temporary Government to be Representative of Both Parties. CONSTITUTIONALISTS ASK COMPLETE ELIMINATION Under No Circumstances Will They Tolerate Huerta or Any of His Officers.

Washington, May 13.—Elimination of General Huerta, and the establishment of a provisional government in Mexico which both the Huertistas and the constitutionalists factions will be represented, is contemplated in a plan which the three South American mediators are now working out, to be proposed for the solution of the entire Mexican problem.

This one first intimation as to the details of the mediation plans, became known tonight, though neither the mediators nor the department of state would make any statement as to how nearly complete is the plan to be submitted to the American and the Mexican delegations, or the South American envoys at Niagara Falls, Canada, next Monday.

It was learned that the proposal might be that the setting up of a temporary government be undertaken by a commission of five persons, two of them to be named by Huerta, two by the constitutionalists, and the fifth by the mediators.

While the mediators have withdrawn their invitation to the constitutionalists to accept the plan, the reference is being sought as to whether the constitutionalists would consent in case of a resolution to eliminate Huerta, to some form of temporary government in which they would be represented. It is believed, some such arrangement as this is the only possible compromise, which would be restored in Mexico under conditions satisfactory to all Mexican factions and the United States.

## Constitutionalists' Position

El Paso, Texas, May 13.—The plan for the pacification of Mexico now being worked out by the South American mediators and which it is announced would eliminate Huerta and his complete elimination, is one in which both the adherents of Huerta and the constitutionalists would be represented, will not be acceptable to the constitutionalists, according to the constitutionalists' officers here.

"They will agree to nothing less than the complete elimination of Huerta, but of his entire party."

The plans of the constitutionalist government to complete nothing less than complete victory for the reforms for which we are fighting," said the constitutionalist officers here.

"We have beaten Huerta at every turn and why should we yield our advantage when we have the reforms for which we strive almost without ceasing?"

## RAILWAY COMMISSIONERS SUBJECT TO EASTERN INFLUENCE IS CHARGE

Winnipeg, May 13.—M. P. Christie was elected president of the board of trade this afternoon, succeeding John Stoval. G. N. Jackson is the new vice-president. The feature of the meeting was a strong speech by ex-Minister James Ashdown, severely criticizing the domination railway board for the decision to raise freight rates in the western freight rates. He claimed that it was a decision which never should have been made, and that it should have been settled by the dominion house and in an emphatically worded resolution passed by the board.

Other constitutionalists extracted the belief that there was no basis on which the adherents of Huerta and the constitutionalists could work together in a provisional government.

Boat Upside: Baby Drowned. Harrows Junction, Sask., May 13.—While a boat was being pulled on Red Deer lake with his children on Sunday, the boat struck an ice floe and was capsized, drowning Johnson's baby, aged two years.

Boy Killed by Gun. Willie, Sask., May 13.—William Lachy, aged 11, was accidentally killed by the discharge of a gun when he was playing on a bed in an adjoining room by the hired man.

## STRONGEST REMEDY 100 YEARS BEST FOR EITHER MAN OR BEAST

Nothing for Family Use Can Compare With It. RUB ON NERVINE

When you have been exposed to wet and cold and your muscles are full of pain, nerves are jumping with neuralgia, then you may have ready at hand a bottle of Nervine. It rubs the pain of its terrors, gives relief to all suffering, brings ease and comfort wherever used.

No care or expense has been spared to secure for Nervine the purest and best materials. It is prepared with a single aim to restore the sick to health. This cannot be said of the preparation that an unscrupulous dealer may ask you to accept instead of Nervine, so we warn you it is the extra profit made on inferior goods that prompts the substitution. Of him beware.

Get Nervine when you ask for it, then you are sure of a remedy that will cure all aches, strains, swellings, and the pains of rheumatism, neuralgia, and lamboago.

## DO JUDGES GET MORE THAN THEY ACTUALLY EARN?

Some Members in Ottawa House Think 90 Per Cent. Overpaid.

## BARRISTERS DO MORE WORK THAN JUDGES

Minister Will Not Confirm Report Regarding Alberta Irrigation Project.

Ottawa, May 13.—The second day of the morning sitting saw the common assembly another big day of work. The order paper was again considerably thinned and the outcome of the day was more than a few adjustments for the house.

Several members, some of them minor and some of major importance, were advanced further stages yesterday. They included a bill to control explosives, amendments to the Canada Grain Act, amendments to the Irrigation Act, a resolution to amend the Judges Act, a bill to regulate pilotage at Quebec and a bill to amend the Canada Shipping Act.

## Judges' Salaries

The bill in regard to judges' salaries created the most discussion. There was considerable difference of opinion on the subject. Strong pleas for increases in salaries were made by members of both sides of the committee. George W. Fowler, of Kings and Albert, N.B., expressed the opinion that 80 per cent of the judges in Canada today were paid more as judges than they ever earned while practicing at the bar, and he further expressed the opinion that 50 per cent of the judges did not have to work as hard after their appointment as they did before elevation to the bench.

Mr. Roch Lanctot, of La Prairie, Napierville, agreed with Mr. Fowler.

## Cleanse the System For Women's Ailments

Dr. Martell's Female Pills have been the Standard for 21 years and for 40 years prescribed and recommended by physicians. Accept no other. At all druggists.

## EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the urea acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of diseases, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the purest of grapes and lemon juice, combined with bicarbonate and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the urinary and urinary organs active, thus avoiding serious kidney disease.

# HON. MR. MARSHALL PRESENTS REPORT FOR PAST TERM

(Continued.)

I have for a week or two, but notwithstanding that, the result of the year's instruction has been in every way highly satisfactory. We have had, during the past few weeks, the most positive indications of the success of the instruction for the term, as a number of farmers, whose sons attended these schools, have taken the trouble to write to the department of agriculture expressing not only their satisfaction, but their surprise at the progress that their boys made during the five months' term of the school. We have also at this early date received a number of letters from farmers making application for their boys to enter one of the schools next year, because the evidences they had of what their neighbors' boys learned at the school during the past term.

**The Farmer's Daughter.**  
I want to say in this connection that I have been particularly impressed with the necessity and importance of teaching the girls in these schools, and that I could strongly recommend to the board that arrangements be made to give a full five months' course for the girls this year. The girls had only two months' course last year, and I want to say that I, personally, was astonished at the progress that they made in their work. I feel that it is just as important that the farmer's daughter, whose educational advantages in connection with the public school have not been by any means all that either she or her parents would desire, should have the opportunity of getting the full term at these schools.

We have had during the year visits from many prominent men in the province interested in agriculture and its development. We have also had visits from representatives from nearly every province in Canada, and these men have invariably expressed themselves as not only pleased, but greatly surprised at the work that was being done at these schools, as well as at their peculiar fitness for the purpose of teaching boys the actual practice of farming. We have had visits not only from a great many individual farmers, but from several delegates of farmers' associations, such as the Provincial Farmers' association, and in every case these men not only expressed their satisfaction with the work, but the trouble to put themselves on record by way of a resolution endorsing the work that was being done at these schools of agriculture but have taken the trouble upon their return home to write letters to the directors of these schools expressing their approval and appreciation of what was being done for the farmer's boy in these institutions. It was only necessary to pay a visit to one of these schools when in operation to be satisfied that it was doing good work, as the evidences could be seen in the enthusiasm which every boy and girl who attended it had for their work. This enthusiastic interest in their work impressed me with the high value of an institution that offers an additional education to boys and girls who are thought that their opportunity for such had gone by.

**Extension Work.**  
The school closed on the 28th of March, and the students have returned to their homes, but the work of these institutions has by no means ceased. The instructors at all the schools have been quite as busy since the close of the schools as they were during the time the classes were being held. The instructor in Pilot Hutsbandy at one of the schools is carrying on a number of experiments on the demonstration farm this year. These experiments for the present are particularly with respect to roots, fodder, corn, grasses, alfalfa, small fruits and vegetables. Besides this, extension work is being carried on through practically every mail who attended the school during the last term. These pupils have arranged with the teachers to carry out on their home farm some experiment this year. One undertakes to prepare land for alfalfa, another taking the kind of clover, another taking the kind of corn, a number undertaking to grow potatoes, and, in fact, practically every line of farm product is taken up in this way. The work is to be done under the more or less direct supervision of one of the instructors at the school, and of course the pupils are following in this work the methods

that they were taught in the school during the winter. Besides this work, cow testing associations have been organized in connection with each school, with the result that the milk of over four hundred cows in the province of Alberta, this year is being carefully weighed every day and tested for butter fat. The inspection of this work and the testing is being done by the instructors from the different schools, and in driving through the country in doing this work they are coming into the closest kind of contact with the farmers in the province, and are available to discuss with any farmer any problem on his farm about which he may want advice. The demand for this extra work is becoming greater all the time.

**Prospects for Next Term.**  
The indications at the present time are that very large percentage of the past year's students will return next fall to take their second year's term. Already quite a few applications have been received at each of the schools from students wishing to enter this fall for a first year term. With the result that we expect these schools to be crowded to their capacity next year. In fact, there is a possibility, if the farmers' harvest is a reasonably good crop and there is a financial position to send their boys that next year the three schools will not be able to accommodate the students who will wish to attend. We have had in our schools this year ten or a dozen students who wish to continue their course after they complete the two years in the school and obtain a degree in agriculture, and I might say that the government will be prepared in September of 1915 to have organized in the province an Agricultural college, to which these students can be admitted and where they can complete their course and obtain a degree. We have also made arrangements whereby the students in household sciences, who wish to obtain a certificate to teach, can graduate from our school into the Provincial University, and by one year's attendance there obtain this standing.

I wish to express to the board my appreciation of the work done in these schools by the principals and instructors during the past year. These men, some for long hours as most farmers are accustomed to work, and it was because of their untiring effort to make the schools a success during the year that we have accomplished what we have today. I have great pleasure in expressing the sincere confidence in the work done in the initial year of the operation of these schools.

The report was heartily endorsed by the board. During the discussion, however, it was not suggested by Mr. Drury that all the boys who took the course should endeavor to follow the existing farms and schools, but that they should work on their farms at home or where they were in order to keep in touch with the actual practice of farming. Mr. Drury also urged that the minister of agriculture use his influence with the government in order to further demonstration farms and schools established in parts of the province not now served by the existing farms and schools.

It was decided that the minimum age for admission to the schools for 1914 be 14 years. For 1915, 15 years, and for 1916, 16 years. The course next fall will commence on October 27 and close on March 27.

The following resolution was passed by the board, on the motion of Dr. Rutherford, seconded by James Murray: "That the minister of agriculture and the principle of the schools be congratulated on the splendid system of agricultural education established in the province, and that the schools be continued during the past term at their schools."

**Manufacturers of Edmonton to Have Own Organization.**  
Edmonton is like a manufacturer's association, like some of the other large industrial centers of the Dominion. Leaders in the industrial world in the city have decided that it is time for such an organization here and will meet tonight at 8 o'clock in the office of George M. Hall, industrial commissioner, on the fifth floor of the Civic block.

**Beyond the Century Mark.**  
Roland, Man., May 13.—A man who has already lived for 15 years beyond the century mark, visited Roland yesterday and had his name placed upon the "veteran" list. His name is James Wilson, a resident of the Myrtle district.

## ASQUITH ADMITS SEELY MEMBER OF COMMITTEE ON IMPERIAL DEFENSE

London, May 13.—In the house of commons today Premier Asquith, in answering questions, admitted that Col. Seely, who resigned the war secretaryship, was still a member of the committee on imperial defense. "Surely," said the Marquess of Salisbury, "it is not a sound principle that a man who has lost the cabinet's confidence should remain on the committee." Premier Asquith: "Col. Seely has not lost the cabinet's confidence." Marquess of Salisbury: "Then why is he not still in office?" To the latter question no reply was volunteered.

## SEND FLORAL TOKENS FUNERAL OF FORMER CABINET MINISTER

Beautiful floral tokens have been sent by the members of the government and also by the department of agriculture to Medicine Hat for the funeral of late Hon. W. T. Finlay, former minister of agriculture and provincial secretary. In addition to members of the government who will attend the funeral, Col. Harcourt, deputy minister of agriculture and H. A. Craig, superintendent of demonstration farms, both of whom served under the late Mr. Finlay, will represent the department of agriculture.

## NINETEEN MEN ARE DROWNED OFF THE COAST OF BRITAIN

Aldburgh, Eng., May 12.—Fourteen men were drowned today when a steam collier was captured by a high wind off Southwold.

Cardiff, Wales, May 12.—Five pilots were drowned this morning on the Bristol channel today, when a pilot boat was rammed and sunk by the British steamer Star of New Zealand. The pilot boat was carrying brimstone to inbound ships to steer them into the harbor, when she was run down in the fog. The boat sank so quickly that the men could not be saved.

## ALLEGED MURDERER OF C.P. BRAKEMAN ARRESTED CALGARY

"Shorty" Lyons, who is alleged to have shot and killed George Blair, a Calgarian, was arrested here about two years ago, and the latter tried to put him off a C.P.R. train, and who has been with the police since then. He was arrested in Calgary last night. It is not yet known where Lyons has been since he was arrested, but he has been kept for him all a look-out to locate his whereabouts. It is probable that he will be formally charged with the murder of Blair.

## HELD UNDER AUTO; CUT THEIR WAY OUT

Sarnaby, Ont., May 12.—When their light touring car upset in Sarnaby, after midnight, D. P. Russell and Charles Shady, Henanians, were pinned under the tonneau. With pocket knives they cut their way through the side of the car and succeeded in forcing their heads out and hastily tried for help. A garage was near by, and the car was soon lifted off the men. Both suffered much from shock and were bruised and lacerated. They are returning from a trout fishing party.

**Corcora Wins Newmarket Stakes.**  
Newmarket, Eng., May 13.—The Newmarket stakes, for three-year-olds, £2,500, one mile and a quarter, was won here today by the odds-on favorite, Lord Londonderry's chestnut colt, Corcora, by Tolemy and Henanina, who started at four to one. His Majesties' Brakenhead, 20 to 1, was second, and Sir John's Henanina, 30 to 1, third. Five ran, the others being Son-in-law, 10 to 1, and White Prince, 20 to 1. The race, coming at dusk, between the two classics, the Guineas and the Derby, often has unusual interest, and on such occasions its winner has gone on to secure the blue ribbon of the turf at Epsom. The latest recent example being Sunstar, in 1911. On this occasion, however, this interest was lacking, as neither of the favorites started.

**English Polo Team.**  
London, May 12.—Another effort to induce Walter S. Buckmaster to take over the responsibility for the polo team, which is to go to the United States to compete for the international polo cup, was made by Baron Winborne. The attempt, however, apparently was futile, as it was announced after a conference that the situation remains the same. The polo team is incomplete owing to the decision yesterday of Major C. F. Hunter, the back, to withdraw from his previous position of Deputy Imperial Representative.

**Raised to Rank of Embassies.**  
Washington, May 12.—The United States government has decided that the rank of ambassador should be raised to the rank of embassies under bills passed by the house yesterday. Both measures were advocated by the administration, and will be re-introduced by the two south American governments.

**Temple of Aristomenes Found.**  
Athens, May 12.—The tomb of Aristomenes, the celebrated Spartan hero of the second century before Christ, was again discovered yesterday at Rhodes by Italian excavators. Numerous antiquities were found in the sepulchre.

## HOORAY! ESKIMOS LOST ANOTHER BROOKS NEARLY HAD A SHUT-OUT

Score Was 4 to 1—Another Game Today at 6 p.m.—Ladies Will Be Admitted Free—Stallcup Pitched Good Ball—Errors Were Costly—Devereaux Fined \$10 and Allowed to Go Home—Kesseling Must Pay \$5—Goldie Taffed Only Eskimo Run.

More from force of habit than from any great desire to do so, it again becomes our painful duty to relate the circumstances in connection with last night's ball game at Diamond park with the Eskimos, of all the 1,200 or so fans who jammed down the one hundred and fifty odd steps to the scene of the disaster, not one went down with the expectation of seeing the Eskimos win, no, not one, your life, and they were not disappointed. The Eskimos came through with the necessary loss in order that they might linger at the low rung of the league ladder, and scores and hundreds of fans, who might have been swayed by all that was said, never to go to see them play again, were there as usual, paying their two bits sitting in the self same bench, and enjoying another blundering exhibition of the summer pastime.

**The Nine Remains.**  
By the great horn spoon, on your hat (it) Lost 4 and won 1, and so far as anyone knows, due to lose another tonight. But, of course, this is the fifth, and we may win—at last. Last night's score was 4 to 1, and called out as a teacher being a shut-out, only in the ninth inning did Goldie come across with the timely run. How ever we're going to stand this sort of thing much longer we don't know, for it's getting awfully tiresome. The Eskimos are big round chaps after every Eskimo round and filling the error column with little dots. A few pictures of some of these recent games by the Eskimos would never be in the world, get past the national board of censorship.

**Exit Mr. Devereaux.**  
But there was some excitement in last night's game at that. Empire Nelson Two called him Becker yesterday, slapped a \$5 fine on Pitcher Kesseling, and later in the game doubled that amount of Manager Devereaux of the Brooks and banished him from the grounds, on account of a desire of the Canadian to linger too long on the third base coaching line and enter in was "right on the line." The ban was dispute over a ball which he claimed of 1,200 fans accompanied him to the gate and beyond.

**Stallcup Was O.K.**  
Nordyke played his faith on Stallcup, and the big white-haired old man good. The Brooks, however, Kesseling, was strong with hits, but quite generous with passes. Lemieux and Ryan were all the armor of an ancient Roman.

**This Way Ladies, Please.**  
For the last few meetings when the maiden arrived at the home of Deacon White, he brought with him a unusual number of delicate perfumed notes, the general tone of which was: "Now that the team is losing so often, why not let the ladies in first?" Some hint, eh? And so Deacon took her at her word, and beginning with next week there will be two ladies' nights, Tuesday and Friday. Ladies will also be admitted free to tonight's game, and here's hoping the presence of the fair sex causes all signs of hoodoo and fair play on Diamond park, and we'll not a new shirt if done.

**Kesseling Worked "Spitter."**  
Pitcher Kesseling was there with the goods at nearly all times, and even though the Eskimos showed up, even then there was nothing on it. They never seemed able to prove their feebleness in any great extent. Four scattered hits was the sum total of their efforts. Stallcup also had a break in his career that made the left handers reach a mile, but at that struck out one time. He was steady at all times.

**Redmond Off Again or Yet.**  
As said before, the Brooks came within an arm of applying the white-wash. Their two earned runs came in the second when Thompson, Strick and Lemieux each hit safely, the former

## BRIGHT OUTLOOK FOR THE SPRING RACE MEET HERE

Track Now in Splendid Condition and Horses Rounding Into Shape.

"Couldn't be in better condition," is what horsemen say of the track at the exhibition grounds. The sprinkler is doing good work in keeping the track and the roads in the grounds free from dust, and the constant use of the California harrow keeps a soft cushion on the surface—just enough to insure easy traveling for the horses.

From 5 to 10 o'clock in the morning are the favorite "working out" hours for the race horses, but almost any hour of the day visitors to the grounds will find some mettlesome horses skimming over the smooth brown track.

Tom Millerton, a green trotter from Kentucky by D. K. Stewart, superintendent of the exhibition grounds, recently worked a mile in 2:13 1/4, the fastest mile on the Edmonton track this year. Tom Millerton is sired by 20th Street of wide fame. With his present "working out" record it is safe to prophesy that Tom Millerton will not be far behind the winner at the spring race, if he does not pass the winning post first himself.

Alphoid, also of the same string, has been racing constantly for a year, and is very fit for the spring races. In fact, so confident is Alphoid of his ability that he already distinguishes him from his fellows by a bit of lute and gold drapery, reminiscent of past horse show glory, hung on his stall. Second in breaking the world's record on a half mile track at \$4,000 is "Poodle," Alsphoid holds a record of 2:14 3/4 and has won over \$4,000 since purchased by V. J. C.

Dr. P. P. famous throughout Western Canada, is included in the string of J. E. Dempster, the well known local horseman. A handsome six-year-old, strong, mettlesome, Dr. P. P. keeps everybody around him in hand. "The horse's record made by this horse in Prince Albert is as follows in the main of horsemen as when he put in the three heats at 2:08 1/2, 2:08 3/4 and 2:09 1/4, on June 2, 1912. This constitutes his fastest three heats ever run over a half mile track so early in the season.

Port Mahone of the same string holds the record for three quarters of mile run on a half mile track, his mark 1:14. Deacon White in harness in Dottie, the

## EDMONTON WELSH VS. CITY DAIRY SOCCER THURSDAY

For the game against the city dairy, on the south side athletic grounds, the following Welsh players are asked to be present—Stockton, Palmer, Mark, Williams Jones, Thompson, Nichols, Phillips, McCuskey, James, Bennett, Griffiths, Lewis, Roberts and Ross. It is earnestly wished that all players meet by the City Dairy not later than 6:15, so as to catch the car for the south side. The game is due to commence at 6:45.

## QUAKERS TRIM RED SOX 6 TO 5

Hurley Used Three Pitchers, and With Four Hits, Wins Game.

Leslie, May 12.—Bill Hurley had to use three pitchers last night but he made the shifts at the right time and his Quakers beat the Red Sox in a close game. Casey Smith, the Indian shortstop had a bad time of it, his errors costing the game. Six men batted well, getting 11 hits to the Collins when he was knocked out of the box in the sixth was a puzzle in the last three innings. Ryan pitched steadily and deserved better support but the boots all came where they hurt. Kellie who started for Saskatoon, was wild and ineffective but was well supported.

**Score:**  
Quakers ..... 6  
Red Sox ..... 5  
Saskatoon ..... 0  
Ryan and Sunett; Kallio, Collins, Cadreau and Walters.

**V. J. C. A. Baseball Meeting.**  
A meeting of the Greater Edmonton Baseball League has been called for this evening at 7:30 o'clock in the V. J. C. A. Rooms. Desires of entering this organization will be required to send one adult and one boy representative to the meeting. Grounds have been secured for the league matches and Thursdays. The high school grounds will be used by the league.

Little by little more owned by Givins of Edmonton, and famous all over Canada. Little was formerly owned by Reed and Meier of Calgary.

Another, the third horse in training from this stable, has somewhat the peculiarities of the blackberry which is red when it is green. Another, though a "green" horse, is dark brown in color, with black points, and his owner looks for him to make good this spring.

## MAD HATTERS DEFEAT MILLERS

Concannon Was Wild in First and Third Inning and Sold Out.

Moore Jaw, May 12.—Ineffective pitching by Jimmy Concannon in the first and third innings was the cause of the defeat of the Mad Hatters by the Medicine Hat last evening, the score being 5 to 4. In the other seven frames Concannon got along very nicely indeed, but in the two that the visitors find him, he was started to all corners and five runs were piled up, enough to defeat the Millers.

The Mad Hatters got over in the first inning by Hillman and Daniels and a two-base shot by Morse and Daniels and three on a triple by Morse, a hit batsman and Carrow home. The game came over in the fourth on singles by Whiteman and long slide by Daniels, which ended the last run for the visitors.

In the third again they added three on a triple by Morse, a hit batsman and Carrow home. The game came over in the fourth on singles by Whiteman and long slide by Daniels, which ended the last run for the visitors.

**Score:**  
Medicine Hat ..... 5  
Concannon ..... 4  
Saskatoon ..... 0  
Ryan and Sunett; Kallio, Collins, Cadreau and Walters.

## TUESDAY'S MAJOR LEAGUE RESULTS

Joe Bush Batted From Box by Cleveland—Walter Johnson Pitched Win Over Chicago—Harry Coveleski Shut Out New York Americans.

Boston, May 12.—(American) Boston shut out St. Louis 7 to 0 in the opening game of the series yesterday. Foster held the visitors to three scattered hits. It was "Leary" day and several hundred friends of the young St. Louis first baseman came with a brass band from Waltham, where Leary played on a high school team, and presented him with a diamond ring.

Washington, May 12.—(American) Washington won the first game of the series with Chicago yesterday by a ninth inning rally. In the locals half of the last inning Shanks started with a single, stole second and scored on Morgan's single. Johnson was hit rather freely in the early innings but tightened up toward the close. Milan hit a home run, a two-bagger and two singles in 4 times at bat.

New York, May 12.—(American) Harry Coveleski, known since 1908 as the "Giant Killer" for his series of successive wins over the New York Nationals in that year, revisited the globe grounds in a Detroit uniform yesterday and shut out the New York Americans by a score of 4 to 0.

Philadelphia, May 12.—(American) Cleveland knocked Bush off the rubber in the fifth and also hit Perot's delivery hard and won yesterday's game here by 12 to 4. Jackson led in the slugging with three singles and a double in five times at bat.

Pittsburgh, May 12.—(National) Pittsburgh and Boston went ten innings to a 1 to 1 tie yesterday afternoon, umpire Klem calling the game on account of darkness at the end of the tenth. Rudolph and Cooper pitched excellent ball and each pitcher scored

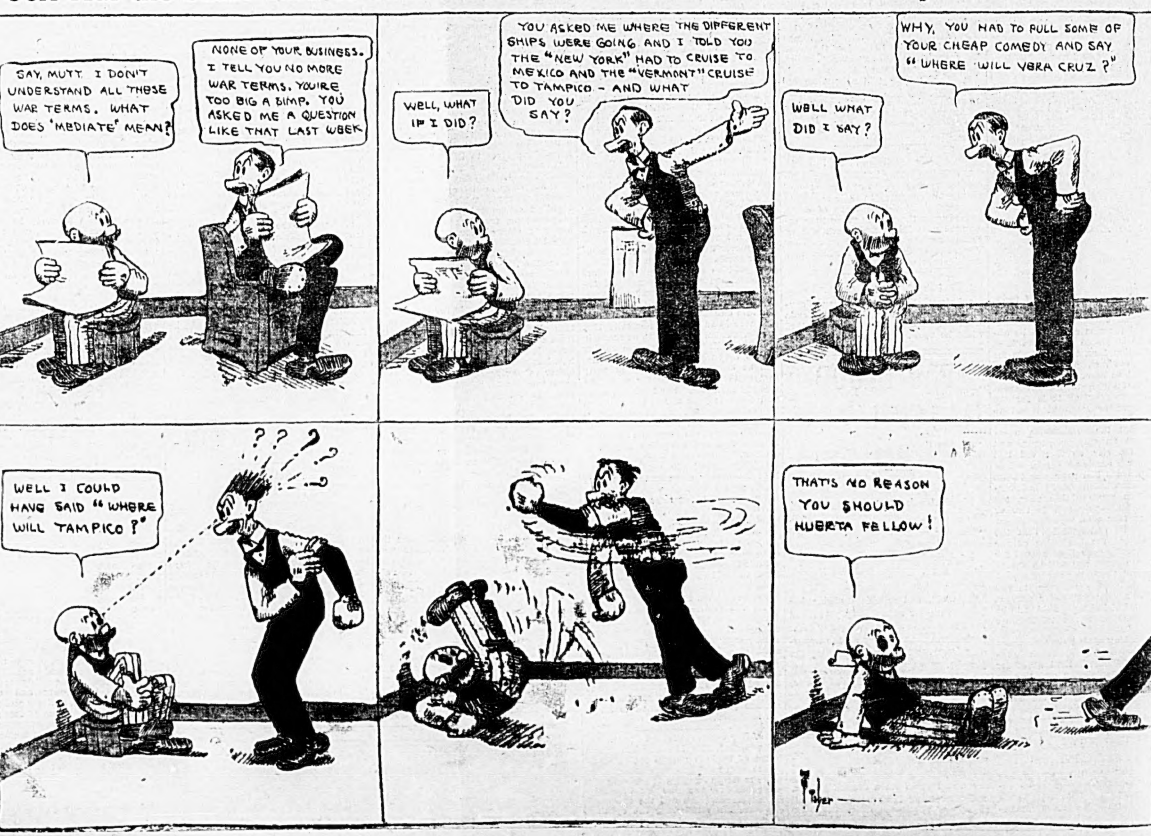

his teams only run. Cooper's single in the sixth advanced on Leary's sacrifice, took third on an out and scored on Dugan's infield hit. Wagner's hand ball badly spoiled when Mann was retired at second trying to stretch a single in the tenth. He may not play in the New York series.

St. Louis, May 12.—W. A. Shorney of the Chicago Nationals and Lee Magee of the St. Louis Nationals who had a fight during the Chicago-Louis game yesterday were fined \$5 each by president Tener of the National League. Notice of the fines was received here today.

Swifts vs. Scons  
Swifts and Scons meets in a senior league game on Friday night. Kick-off at 6:45 p.m. The following Swift players are asked to be on the ground at 6:30 p.m. prompt: Scudell, Jasper, Moffat, Finley, McCarty, Glasgow, Cuff, Grive, Warner, Higgs, Munson, reserves, Coyle and Lemire.

Any team wishing to arrange a friendly game with the Swifts will be able to do so by talking up with any of their players or the secretary of the club. All football players of North Edmonton are asked to turn out for training tonight (Wednesday) at 7 p.m.

**S.O.S. vs. Dragons**  
There will be an intermediate league game at the south side grounds this evening between the Sons of Scotland and the Dragons.

**Hudson's Bay Team**  
In the Senior Football league game today Hudson's Bay company vs. Rail-  
la, on the old exhibition grounds, "The Bay" will be represented by the following: Stone, McNeill, Miller, Seaton, Walker, Crombie and Main-  
man.

**Rugby Game May 25.**  
At a meeting held in Calgary last evening, a British Rugby club was organized, and practices will be commenced immediately. The new club decided to accept a challenge from the Edmonton Barbarians, and will play in this city on May 25th.

**Tetrach's Scatched for Derby.**  
London, May 12.—It is officially announced that E. Kennedy's, The Tetrach, the autumn favorite, will be scratched for the Derby.

**Wild's Cup Road Race**  
Much interest is being aroused over the five mile road race to be held Saturday evening from the Y. M. C. A. A number of old-timers will again don the running toes and endeavor to go the distance. An entry has been received from a Calgary runner, Palmer by name, who for the past two years has won the Calgary Herald Road Race, and he may be expected to play a fast clip, and possibly set a record for the distance.

**Scena vs. Swifts**  
The following team will represent Strathglen in a senior league match with the Swifts on Friday evening at 6:15: Woods A. Sissons, G. Mantle, C. Dushaw, Harvey Halkerton, Forester, Steel, Loppin, Watson, Jewell, Reserves, H. Holmes, E. Bessy.

## HE WILL UPHOLD CANADA'S HONOR IN THE DIAMOND SCULLS RACE AT HENLEY.

"Bob" Dibble, of Toronto.

## TODAY IN PUGILISTIC ANNALS

1885—Jack Dempsey defeated Tom Clear in 5 rounds at San Francisco.  
1898—Joe Gans defeated Steve Cross in 6 rounds at Louisville.  
1900—James J. Jeffries knocked out James J. Corbett in 22nd round at Coney Island.

1901—Cyclone Johnny Thompson and Mickey Gannon fought 12-round draw at Boston.  
1910—Jimmy Clabby and Dixie Kid fought 10-round draw at New York.  
1911—Jim Flynn knocked out Al Kaufman in 10th round at Kansas City. This was the beginning of a long string of defeats which reduced one of the most promising of heavyweights to the ranks of the second-raters. Later in the same year Kaufman was knocked out by Al Palmer, and later he lost to Luther McCarthy, Charley Miller, Kid Kenneth and others and retired from the ring. Kaufman, a Californian by birth, was a born fighter, but like many other boxers he was spoiled by being rushed too hard. When he was only 19 he was pitted against that veteran of the ring, Philadelphia Jack O'Brien, then in his prime and a dangerous man for his best of them. Kaufman stood gamely to his guns and for a time looked as if he had a good chance with the clever ring general from the Quaker city, but was knocked out in the 15th round. The following year he whipped Dave Barry and George Gardner, and in 1907 triumphed over Barry, Mike Schreck and Jack Sullivan. In 1908 he knocked out Jim Flynn and defeated Jim Barry, Joe Grim and others, and in 1909 stayed 16 rounds with Jack Johnson.

1913—Clarence "Wildcat" Ferra defeated Jimmy Perry in 19 rounds at Kansas City.

## TORONTO ALMOST GOT THE FAMOUS JAMES THORPE

Jim Thorpe, the big Indian athlete, has not joined the Toronto club, nor is he likely to do so. Practically everything had been arranged for his transfer to the Leafs when suddenly stepped in and blocked the deal, McGraw, a few days ago announced that he had sent Thorpe to Toronto for a year's season, but at the last moment he reneged on the proposition. Of the Indian McGraw is quoted as saying that he has the "stuff" and that all that he needs is a little more experience. He has a lot to learn, but is willing and ambitious. "The world tour proved a big help in the development of Thorpe, as I said before. He took kindly to advice. There's none of the well-to-do in Thorpe. A mild-mannered or a better student, never happened under my care. I am glad for his sake as he might easily have been discouraged over some of the reports that were sent from Martin this spring about him. One scribe had hardly set foot on the grounds before he was burning up the wires with the news that Jim Thorpe was a flivver, that boy of the plains. It isn't often that I make a mistake in a man. The other day he hit a ball that would have landed in the center-field bleachers had it been blocked out at the Polo grounds. It was the longest hit I ever saw. Take it from me—Jim Thorpe will make good and mighty good at that."

Earl Ketchum, of Chardon, O., has just chosen a full sentence rather than support his wife and child.

## The Middleweight Situation

Because of the peculiar action of Jimmy Clabby in running out on "Fighting Billy" Murray, the Californian, middleweight sensation, Jack Kearns, his manager, is now claiming the middleweight championship of the world, and believes the public will realize the justice of his claims. Murray recently boxed Jimmy Clabby for promoter Jim Coffroth, at the latter's arena in Colma, California, and the result of that bout was a draw. Every boxing expert at the ringside agreed that had the bout been one of 12 instead of 20 rounds that Murray would have been a easy winner. Following the bout promoter, James W. Coffroth offered Clabby a return match with Murray, and offered Clabby more money for such a bout than the Hammond boxer ever received for any two bouts in his career. Did Clabby accept? Not at all. Instead he sailed for Australia immediately after the Murray bout. Coffroth did everything in his power to get Clabby to consent to a return match with Murray, but Clabby absolutely refused the offer.

On account of Clabby's refusal to meet Murray in a return engagement, Kearns claims the middleweight title for the California sensation. McGroarty, another claimant for the title, was beaten by Clabby. Murray drew with Clabby and gave him such a time of it that rather than meet "Fighting Billy" in the ring again, Clabby took the first steamer after him for Australia. Murray, according to his manager, is the most sensational middleweight in the most sensational middleweight since the paimy days of Stanley Ketchum. In a period of about six months, Murray fought his way from mediocrity,

## SPORTOGRAPHY

### 10th Anniversary of Cy Young's Memorable Feat

The first no-hit, no-man-to-first-base game in the history of modern league baseball was pulled off ten years ago today, May 5, 1904, with old Cy Young as the twirling hero of this remarkable contest. Denton was officiating on the rubber for the Boston Red Sox and was pitted against the Philadelphia Athletics. Throughout the nine innings not an Athletic got a hit or by other means set his tribbles on the initial bag. Since then this feat has been represented only three times in league ball, and only once in a major circuit. In 1906 Tom Fisher, pitching for Shreveport in the Southern league, prevented any Montgomery player from reaching the first station. In 1908 Charles Evans, of the Hartford club of the Connecticut league, pulled off a similar stunt in a game with Bridgeport. Later that year Eddie Foss broke into the hall of fame by pitching a no-hit game for Cleveland in which no Chicago player even started around the bases. Cy Young pitched his first no-hit game away back in 1887, for the Boston Nationals, and in 1893 pulled off a similar stunt for Boston, but in both of these contests players of the opposing teams reached first.

It was in a game between the Case club of Detroit and the St. Louis Reds, played at Jona, Mich., in '79, that Jimmie Gulvin of the Reds twirled the first no-hit game in which no player reached first, which was also the first no-hit game in the history of baseball. Richmond, the great Worcester pitcher, was the first in the National league to pull off a no-hit, no-man-to-first game. In 1929 and 1930 Richmond turned the trick three times, although but once when the Worcester club has represented in the National league. There were two such novel contests in the National league in 1880, John M. Ward, then with Providence, being responsible for the other in a contest with Buffalo. That was the last such feat in any league until Cy Young revived the stunt 10 years ago. The difficulty of performing such a feat may be realized when it is considered that there are nine distinct ways in which a batter may reach first—by a hit, an error, a base on balls, a third strike missed by the catcher, hit by pitched ball, interference with batter by catcher, fair ball hitting an umpire, first baseman or pitcher blocking the baseline when he happens to them if they don't pay the writers vast sums of money. "Oh, is that all?" replied Dick. "Why, I got plenty of such letters."

**Just Got Rich**  
Mr. Hogenheim—Cute and dink with me tomorrow?  
Mr. Walker—Sorry, I'm fixed up; I'm going to see Parafid.  
Mr. Hogenheim—That's all right; bring 'em along with you.

The Canary archipelago, a Spanish possession lying about 3,000 miles east of St. Augustine, Fla., consists of 15 islands having a total area of 2,700 square miles and a population of about 60,000.  
J. O. Henry, preacher, dead at 87 in Vandilla, Ill., was a veteran of the Mexican war. He had delivered 900 funeral sermons and performed 999 marriage ceremonies.

## OLD COUNTRY CRICKET

London, May 12.—All five of the county cricket matches started on Saturday were concluded yesterday. Following are the results with the features of each game: At Northampton, Yorkshire opened their season with an easy victory over Northamptonshire by an innings and 156 runs. The chief scorers for the victors were: Kilner, 77; Denton (D.), 58; and Sir A. C. White, 51; Hirst and Drake were the most successful bowlers, the former securing six wickets for 34 runs, and the latter six for 40.  
Kent opened the season at Leeds, winning from the M.C.C. and Ground by the narrow margin of 19 runs. Woolley (P. E.) and Huggle were the principal scorers for the winners, contributing 94 and 75 respectively. Fairweather and Woolley were the most effective with the ball the former taking six wickets for 29 and the latter seven for 56.  
Sussex easily defeated Somersetshire at Kennington oval by 241 runs. Haynes for Surrey scored 129, Hobbs 86, Douglas 77 not out, Hitch 56, and Dunsford 26 not out. J. Daniell, with 84, was the principal scorer for the losers. In Somerset's first inning, Fender performed the hat trick.  
In a low scoring match at Leicester the home county beat Lancashire by 84 runs.

Playing at home Derbyshire gained a big victory over Worcestershire, winning by an innings and 118 runs. Slater being mainly responsible, taking six wickets for nine runs and five for 24. L. Oliver, 79, and Cadman, 52, were the top scorers.

In the match at Cambridge, started on Monday, between the University and Hampshire, the latter narrowly won by two wickets. Most (C. P.) and Hemmatt showed the best batting form with 94 and 63 respectively. Kennedy, for Hampshire, took five wickets for 31, and Langden for the Cantabs scored 108.

**Who Doesn't?**  
They had just become engaged. "Oh, Dick," she said, moving a trifle closer to him, "I am so glad you are not rich." "Why say that some of those millionaires receive threatening letters saying that something dreadful will happen to them if they don't pay the writers vast sums of money?" "Oh, is that all?" replied Dick. "Why, I got plenty of such letters."

**Just Got Rich**  
Mr. Hogenheim—Cute and dink with me tomorrow?  
Mr. Walker—Sorry, I'm fixed up; I'm going to see Parafid.
